Gospel Fellowships has produced the monumental book, ***Principles for the Gathering of Believers Under the Headship of Jesus Christ***, and is offering it for *free download* in a number of different formats, including PDF, Kindle, Nook, Vyrso and audio mp3. A copy of the print edition may also be purchased, *at cost*, through Amazon.

This book is the collaborative work of over 100 brothers and sisters, from many different nations and backgrounds, and is a clarion call to the Church to return to her Christ-centered, New Testament roots and expression in these last days. It is, likewise, a sobering call to prepare the Church for the coming global persecution which is prophesied at the end of the age. (Matt.24:9)

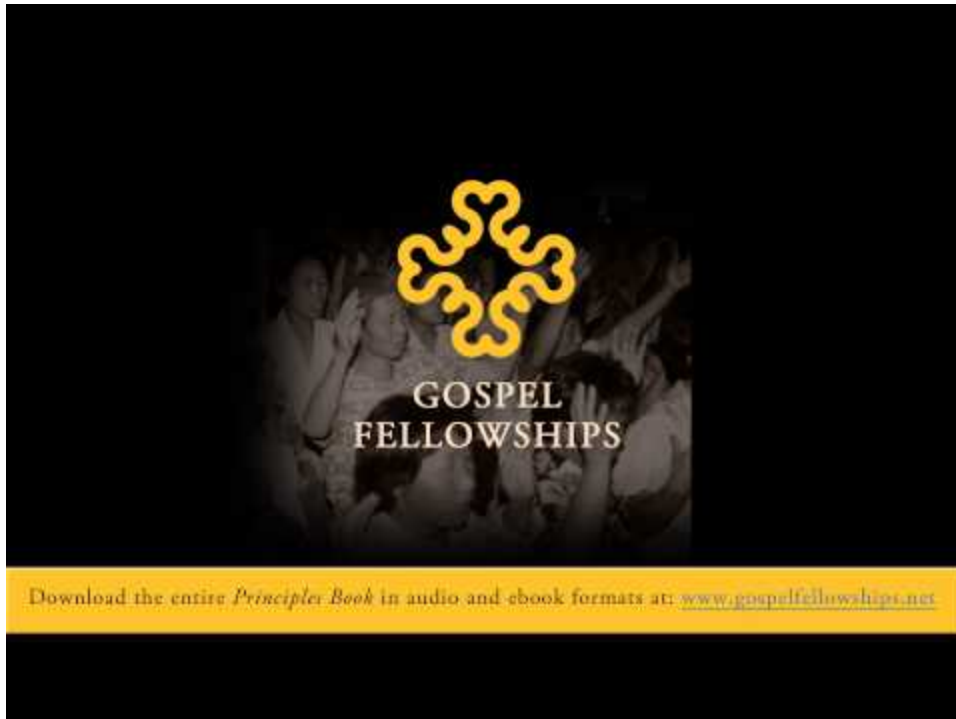

In response to Gospel Fellowships' invitation to host the complete PDF and mp3 book on my blog, I have, with their permission, reproduced the *Principles Book's* download page from their website. This page has all of the links needed to access both the print and audio versions of it, along with links to all formats it is being offered in. (Please see below.)

I believe this is a *strategic manual* for the Church in this last day, given by the Spirit, to help prepare the Body of Christ for its end-time mission, as well as for the persecution that will undoubtedly accompany it.

The Church in the West desperately needs to hear this message...NOW!

Please take time to read and/or listen to this book! I assure you, you will be richly edified and challenged by its contents! -David

For an introductory sample of one of its audio/video chapters, here is the YouTube post of Principle One. (Keep scrolling beyond that to access the reproduced download page from their website, and at the bottom of the page, the full YouTube playlist.)
